South El Monte, CA 91733

AIRCRAFT STAMPING'S QUALITY POLICY

It is the policy of Aircraft Stamping Co., Inc. to provide the highest level of quality products and services that meet or exceed our customer's expectations and to deliver them on time, every time, defect free to our customers. Aircraft Stamping Co., Inc. will achieve customer satisfaction by encouraging long-term structured partnerships that emphasize a continuously improving quality management system. Aircraft Stamping Co., Inc. personnel understand that quality is not only a process, but also an individual responsibility. Aircraft Stamping Co., Inc. will implement effective teamwork and self-improvement initiatives to ensure a prosperous business future. Management is committed to focusing on objectives that are proven to lead in improving our company's performance. These objectives are measurable and continually reviewed for effectiveness to facilitate the continual improvement to the organization and customer's satisfaction. Our strategic plan includes:

- Communication of this policy to all employees
- Emphasis on the need for continuous improvement
- Increase customer satisfaction levels
- Provide training and awareness of our Quality Management System

TO ALL ASCO EMPLOYEES

Aircraft Stamping has redesigned its Quality Control program to comply with AS9100 Rev. B. The purpose of the Quality Control program and the Quality Assurance procedure documents is to spell out how each individual employee, within the company, has a responsibility to produce parts for our customers on behalf of Aircraft Stamping Co., Inc. It is everyone's responsibility to make sure that they will perform their specific job function in order to satisfy Aircraft Stamping's Quality policy.

Michael D. Nolan
